APPLICATIONS

- Banquet facilities
- Residential lighting
- Special event tent lighting
- Hotel, meeting and ballrooms

DESCRIPTION

SwivelPar provides a fast and easy way to convert recessed or fixed lighting into more interesting accent or task lighting. It combines the styling and function of a theatrical par can with the simplicity of a screw-in extension which is readily focused (aimed) to highlight food displays, centerpieces, podiums and task areas. Color filters are easily fitted for creative effects.

SPECIFICATIONS

The lighting unit shall use a ratcheting base which screws into a standard medium screw socket and locks the 360° pan adjustment. A yoke with tension knob shall lock the 270° tilt adjustment. The theatrical-style Par20 fixture shall readily accept color filters mounted in a frame and secured in place with a spring-loaded clip. The unit shall utilize 120V R20 and Par20 lamps in addition to other smaller medium screw base 120V lamps.

DIMENSIONS

Unit measures 14" H x 6" D x 3" W and weighs 14 oz. without lamp.

Also available from Future Light

Orchestra Shell Lighting, TileMount,
Airwall Hanger, C-Clip Truss Protector,
Virtual Light Lab Software
